DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of claims 7-10 in the reply filed on September 13, 2004 is acknowledged. Applicant's arguments regarding the restriction requirement are deemed persuasive and the restriction requirement is hereby withdrawn by the examiner. Therefore claims 1-10 are being examined in this office action.

Allowable Subject Matter

2. The following is an examiner's statement of reasons for allowance:

Regarding claims 1-6, the prior art does not teach or make obvious the concept of the first arm being hingedly connected at its second end to the second end of the second arm in combination with a strike plate and reinforcer dispensing assembly mounted in the manner claimed by the applicant.

Regarding claims 7-10, the prior art does not teach or make obvious the concept of a reinforcer dispensing assembly comprising a ratchet arm disposed within the central hole and mounted to the collar, the ratchet arm configured to cooperate with the plurality of ridges of the shaft to control the movement of the collar along the shaft such that the collar is constrained to move in only one direction on the shaft in the manner claimed by the applicant.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably
